Index to Subject Matter

Allergy and immunology:
persistent severe eosinophilia 423
possible mild reaction to erythromycin ethyl succinate, with challenge 418
rheumatology traineeship for the practicing physician 141
American College of Surgeons issue:
acne vulgaris 288
light microscopy: histologic analysis of normal and diseased osteons .. 260
morbid obesity: gastric bypass 269
pancreatic/duodenal trauma: the use of serosal patch 247
partial splenectomy: case report of a six-year-old male 285
pulmonary sequestration: diagnosis and management 279
soft tissue injuries: use of arthrograms to determine ligament injury to the ankle 267
spastic ileus 251
termination of the physician-patient relationship 291
total parenteral nutrition: guidelines for utilization of intralipid and peripheral veins 272
two-man corporations 293
ulcerative colitis: operative experiences in the elderly 264
valvular heart surgery 256
American Medical Association:
actions of the house of delegates 577
Anesthesiology:
local anesthesia for carotid occlusive disease 641
mechanical ventilation: new requirements and refinements 135
Blood and lymphatics system:
fatal yersinia enterocolitica septicemia in a compromised host 558
hydrops fetalis: a review of seven cases 503
iron balance: variations between men and women 647
persistent severe eosinophilia 423
reduction mammoplasty: autologous blood and two-team approach 485
Waldenström's macroglobulinemia: pleuropulmonary manifestations .. 57
Cardiovascular system:
angina, hemodynamic factors determining the medical management of 11
bacterial endocarditis: mitral valve prolapse syndrome 60
bronchogenic carcinoma with cardiac metastasis 422
cardiorespiratory syndrome: manifestations in children with chronic upper airway obstruction 126
infective endocarditis: recognizing its present appearance and avoiding errors in management 504
local anesthesia for carotid occlusive disease 641
malignant hypertension 612
myocardial abscess mimicking acute ischemic myocardial infarct 555
paradoxical embolism: the shunt detected by non-invasive method 18
patent ductus arteriosus: surgical ligation in premature infants with respiratory distress syndrome 499
pericarditis: an initial manifestation of juvenile rheumatoid arthritis ... 119
salt restriction for the treatment of mild hypertension 555
sudden death syndrome: reports of 16 patients on high doses of phenothiazine 547
thrombectomy: acutely occluded aorto-coronary saphenous vein bypass graft 20
valvular heart surgery 256
Case reports:
basal ganglia calcification: an effect of long-term phenothiazine therapy 554
bronchogenic carcinoma with cardiac metastasis 422
fatal yersinia enterocolitica septicemia in a compromised host 558
hypophosphatemia associated coma following treatment of diabetic coma 419
malignant teratoma in undescended testicle 419
myocardial abscess mimicking acute ischemic myocardial infarct 555
persistent severe eosinophilia 423
possible mild reaction to erythromycin ethyl succinate, with challenge 418
salt restriction for the treatment of mild hypertension 555
vitamin D deficiency rickets 420
Current Comment:
acne vulgaris 288
acute urethritis: diagnosis and management 425
breast cancer management 62
bronchodilator therapy 22
infective endocarditis: recognizing its present appearances and avoiding errors in management 504
inflammatory arthritis, rational use of aspirin and nonsteroidal anti-inflammatory drugs in 155
inheritance of common disease 649
malignant hypertension 612
Paget's disease of bone 345
when is a diabetic? 560
Dermatology:
acne vulgaris 288
thermal injuries: assessment and treatment for out-patient care 550
Endocrine system:
estrogen receptors in breast carcinoma 609
when is a diabetic? 560
Endocrinology:
when is a diabetic? 560
Family practice:
medication regimens, improving adherence to 130
rheumatology traineeship for the practicing physician 141
